

FIDDLER'S CREEK®

included in *Travel & Leisure Golf Magazine's*

2009 AMERICA'S TOP 100 GOLF COMMUNITIES

Annual List of the Best Places to Live - and Live Well

Travel & Leisure Golf magazine has included Fiddler's Creek® in their annual listing of [America's Top 100 Golf Communities](#) for a second, consecutive year.

The January/February 2009 issue of *Travel & Leisure Golf* showcases the listing highlighting communities boasting superb golf, luxury residences, extraordinary locations and a myriad of lifestyle options.

According to *Travel & Leisure Golf* magazine, eligible communities for Top 100 consideration must be able to offer property owners an opportunity for membership in an affiliated private golf club. Each community is reviewed by the following six criteria, in order of importance: golf amenity; residential architecture and style; location, including natural setting and proximity to cultural activities; management, service and programming options; non-golf amenities, such as a full service spa, equestrian center or marina; and environmental stewardship. For the 2009 listing, a concern for residential asset value, implicit in the previous years' rankings, is of heightened value in the editors' deliberations.

Planned to accommodate and enhance the natural beauty of Florida, Fiddler's Creek encompasses nearly 4,000 acres and boasts exceptional amenities including tropical lagoon-style swimming pools, spa, fitness center, casual and fine dining and an array of luxurious residential styles.

The optional Golf Club at Fiddler's Creek® features the awe-inspiring Creek Course, currently in play and designed by acclaimed golf course architect Arthur Hills. A second course, The Preserve Course, is under design by the award winning team of Hurdzan/Fry.

Homeowners at Fiddler's Creek also have the opportunity to join The Tarpon Club® with a calendar of social activities, an on-site dedicated concierge as well as spa, meeting room, beach and dining privileges at the Marco Beach Ocean Resort, located on nearby Marco Island. Planned facilities for The Tarpon Club Marina include a full-service marina with direct access to the Gulf of Mexico, wet slip storage* and a casual and fine dining restaurant providing panoramic views of Johnson Bay. Already completed is the Dry Boat Storage Facility, with approximately 25,000 square feet and accommodations for up to 150 boats.
